

God's Kingdom is Just Like a Seed

By Rev. John C. Stennfeld

Text: Mark 4:26-34

Tune Meter: CM

Suggested Tune: Caithness

God's Kingdom is just like a seed
That's planted in the ground,
And even with no help from man
A stalk is one day found.

Or like the planted mustard seed
Which starts out oh so small,
But in the garden grows to be
The largest plant of all.

So too God's kingdom here on earth
Began in a small way,
But now has grown to be a force
That's ever here to stay.

And so, dear Lord, make us a part
Of all that you have planned,
That in your kingdom up above
One day, with you, we'll stand.
