

Now Faith is Being So Certain

By John C. Stennfeld

Text: Hebrews 11:1-16

Tune Meter: CM

Suggested Tune: Consolation

1) Now faith is being so certain
Of what we do not see,
And sure of what we just hope for –
That it will come to be.

2) By faith we understand the earth
Was formed by God's command;
He simply said, "Now let there be,"
And made the sea and land.

3) By faith Abel offered to God
A better sacrifice,
Than Cain who gave a faithless gift,
Which thus would not suffice.

4) For without faith we cannot give,
Nor can we e'er begin,
To offer praise and thanks to God,
Because of all our sin.

5) But faith connects us to God's love
Shown to us by His son,
Who bore God's wrath for all our sin
Till life, for us, was won.

6) So 'tis through faith God looks at us
And sees us as forgiv'n,
As those for whom He has prepared
A home, with Him, in heav'n.
