

# Out of the Storm God Spoke to Job

By Rev. John C. Stennfeld

Text: Job 38 -39:2

Tune Meter: CM

Suggested Tune: Ich Singe Dir

Out of the storm God spoke to Job,  
"Brace yourself like a man.  
For I will question you, and you  
Shall answer if you can.

Where were you at when I first laid  
The corners of the earth,  
And do you know the time each year  
When mountain goats give birth?

Who marked the world's dimensions, for  
You surely have to know;  
Who waters land where no man lives  
And makes it rain and snow?

Who reigns over the morning, and  
Has shown the dawn its place;  
Who fixed the clouds up in the sky  
And all the stars in space?"

Tis God alone who's done all this,  
So I will give Him praise,  
And worship Him in humble awe  
Throughout all of my days.
